#### Removals.

EMOVAL.—COLYER & DUGARD EMOVAL.—COLYER & DUGARD
respectfully inform their friends and customers, and the
sublic generally, that they have just completed, and have now
a full operation, their New Steam Saw-Mill—having much
enlarged our establishment, and otherwise increased our fadilities for doing a large business, are now prepared to furnish
and deliver at short notice all orders with which they may be
tweeted, in White Pine, Oak, and Georgia Pine timber, by
the raft, crib, or single log, or sawed to order into keel and
belson pieces, water ways, deek beams, wale pieces, deek
lanks, culting and bottom plank, trunk pieces, center board
and trunk plank, Georgia pine ship plank, every length, width
and thickness, heading stuff, step plank, and yellow nine flooring, dressed or not, to suit; Georgia pine door saddles, ready
for use; fence rails and pickets, and every other article appertaining to the trade. Apologizing to our friends for an unavoidable temporary delay during our removal, most earnestly
subcit a continuance of their custom.

COLYER & DUGARD, New-York Steam Saw-Mill,
27th and 28th-sts., North River, New-York.

## Machinery, &c.

DARIUS DAVISON'S NEW MOD-DARIUS DAVISON'S NEW MODnow prepared to make estimates for modeling and
building Ocean Steamers complete, ready for use,
of any size up to 5,000 tuns burden, if required; and
they will demonstrate both theoretically and practically that vessels built upon the new model can be run at
bust one-third faster (all other things being equal) than vessels of a similar tunnage built on any other known model;
and to be unequaled in point of beauty, strength, durability,
capacity and safety, and in economy of construction and
propulsion. Ocean Steamers of a cost, proportionate strength
and capacity, equal to the American Transatlantic steamers,
can be built on the new model to run at the average speed of
600 miles a day, or from New-York to Liverpool in 7 days;
and steamships of a lighter proportionate structure to the
cornage, such as employed in the California and coasting
trade, can be built on the new model to run at an average

and steamships of a lighter proportionate structure to the contage, such as employed in the California and coasting trade, can be built on the new model to run at an average speed of 20 miles an hour.

The subscribers are also prepared to furnish models and estimates for building Chipper Ships, on the new model, of any required tunings, which (all other things being equal) will sail at least one third faster than any vessels now allost of shike capacity of burden; and they will also furnish models and estimates for, and contract to build sail vessels of any other kind and size that may be required, that shall have corresponding advantages to those above stated.

The subscribers will also furnish models, designs and estimates for building Steamboats to run on any Rivers or Lakes in the United States, except on the Hudson River, that can be run at an average speed of 25 miles an hour. The Hudson River being reserved upon which to run the great American steamer General Washington, to be 500 fest long, and to be finished in the magnificent style of a floating palace, with splendid accommodation for near 3,000 passengers, and to be fun on the new National Line between New-York and Albany, at a speed of 30 miles an hour, in opposition to the Hudson River Railroad, and make two trips a day between the two cities.

The subscribers are having executed by some of the best

run on the new National Line between New-Yor and Arbany, at a speed of 30 miles an hour, in opposition to the Hadeon River Railroad, and make two trips a day between the two cities.

The subscribers are having executed by some of the best artists in the city, splendid large lithographic drawings of Ocean Steamboats for the Western Lakes, and drawings of Steamboats for the Mestern Palace, General Washington: also, a becautiful medium-size lithographic drawing of the Hudson River team palace, General Washington: also, a becautiful medium-size lithographic drawing of the subscribers' sloop-sized pleasure yacht. Sea Bird, and also a spirited lithographic pint, in colors, of the American schooner-rigged clipping yacht Tornado, which the subscribers intend to make arrangements to build immediately, and organize an American Tacht Association, to sail her in the great European yacht neces of England and Russia; and the subscribers are prepared to demonstrate both theoretically and practically, that she will be at any vessel now alloat in Earope or America.

The above described splendid lithographic drawings are being made from destins drawn by one of the subscribers, for twestels building and to be built on the new model. Some of these drawings will be completed in a short time, and as soon as ready, will be furnished to naval architects, engineers and ship building, at a moderate price; and the subscribers will have copies from each drawing struck off on thin India paper, so as to be readily sent by post-office to any part of the Uhited States or the world.

Pumphlets containing a description of the principles upon which treated by explained and demonstrated, with drawings and illustrative diagrams, of the principles apon which their breation; and importance, and the necessity of its immediate substributes and imming a description of the principles upon which their breat

DAY & MeMULLEN'S PATENT HOSE.—The trial made of this incomparable Water theo for two years past has fully demonstrated its superiority. Orders from Ruiroads, Factories Water Companies and deers solicited. Every piece warranted to give satisfaction by the patentee and manufacturer. The following is one of the many certificates, and published to show the estimation

JERSEY CITY, Dec. 17, 1851. tionacs H. Bay, No. 23 Courtlandt-st., N. Y.—Dear Sir; take great pleasure in starting to you, in answer to your instance to you in the New-Jersey Railrond and Transportation Company, as we have found it of the very best description, and to see much better purpose than either leather or carvas. It is not only more durable, but in the end the most economical. So have now rubber hose on some of our locomotives that purchased of you two years ago, which has been in committee and is still as good as ever, and I have found your reply to staid pressure of 150 lbs. to the square inch.

Jours, very respectfully, JAMES McFARLAND, Superintendent Motive Power for N. J. R. R. Trans. Co.

MIRBANKS SCALES!—GREAT RE-DUCTION !!—Recent improvements in machinery by the to produce parts of scales at reduced cost, and exceed facilities at St. Johnsbury for manufacturing, together the completion of through lines of Railroad to the principal states, combine to enable the manufacturers to afford Scales, improved in quality, at prices below those of the manufacturer and the scales improved in quality.

MPIRE CITY LINE.—THROUGH
TICKETS for SAN FRANCISCO, via Aspinwall,
Navy Bay, (near Chagree,)—The new and spiendid double
engine steamship SHERRA NEVADA, 1,800 tuns burthen,
J. D. Wilson, Esq., Commander, will leave for Aspinwall,
Navy Bay, direct, on MONDAY, May 24, at 3 o'clock, from
her pier, No. 3 North River, to connect at Panama with the
favorite steamship NEW-ORLEANS, E. H. Ackley, Master. These steamers have unsurpassed accommodations for
passengers, and are better ventilated than any in the trade.
The tables are supplied with every comfort, both for the
sabin and steerage pessengers. An experienced Surgeon is
attached to each ship. The Panama Railroad is now in operation, running daily to within a few miles of Gorgona. Passengers will be landed at the Company's depot at Aspinwall,
free of expense.

RATES OF FARE—First Cabin, \$315; Second Cabin, (staterooms.) \$225. Both the above eat at the same table. Steersee, \$200, found with bed, &c., and a separate table, well
provided. A remittance of half the passage-money will secure a ticket, until within ten days of sailing of the steamer
For freight or passage, apply to EMPIRE CITY LINE.—THROUGH

gers will be farmished with railway tickets to Philafree of expense, by the Association hia, free of expense, by the Agent, THOMAS RICHARDSON, No. 41 Exchange-place.

FOR CHARLESTON-SEMI-WEEK-LY LINE.—The entirely new and magnificent steamship JAMES ADGER, Capt. J. Dickinson, will leave plet No. 4, N. R. on WEDNESDAY, May 5, at 4 o'clock P. M. precisely. For freight, apply on board, where all bills of lading will be signed, and for passage at the counting room of SPOFFORD, TILESTON & CO., No. 48 South-st. The above-named steamship is recommended to the travel-ing public as one of a line superior, in point of comfort and safety, to anything upon our coast. And from recent traits of her speed, it is thought she will eclipse anything afloat. The public are invited to examine her.

TOR SAN FRANCISCO DIRECT .-CHEAP PASSAGE.—The entirely new and magnificent chipper ship, NORTH STARR, Captain J. O. Barclay, will positively sail TUESDAY, May 4. The accommodations in this beautiful clipper, and the well known reputation of Captain Barclay, (this being his third voyage to the above port.) will render all persons an opportunity seldom or ever offered, in selecting a comfortable passage. Het between-decks are fully eight feet high, and patent ventillators. It is fully expected she will make the passage in 90 days. Early application will be necessary to secure passage, as only a limited number will be taken, either on iboard, Pier 27 East River, foot of Dover-st. or to BUTLER BROTHERS, No. 163 and 118 South-st., N. Y.

LIOR SAN FRANCISCO .- The clipper ship FLVING CLOUD, J. P. Creesy, Commander, having made her last passage to San Francisco in 89 days—the shortest passage on record—is now again loading for that port, and having a large quantity of cargo engaged, is intended to sail about the let of May. For balance of freight, or for passage, having splendid accommodations, apply to the Captain, on board, at Burling-slip, or to.

GRINNELL, MINTURN & CO., No. 78 South-st.

THROUGH to SAN FRANCISCO .-THROUGH to SAN FRANCISCO.—

New-York and San Francisco Steamship Line.—The new steamship UNITED STATES, Charles C. Berry, Commander, will take her departure for Aspinwall, Navy Bay, on SATURDAY, 15th May, at 3 P. M., connecting at Panama with the new double-engine steamship WINFIELD SCOTT, 2,100 tuns burden, Kenney Coullard, Commander, which steamer awaits the arrival of passengers at Panama by the United States, from New-York, and immediately thereafter proceeds to San Francisco direct, without stopping at laternediate ports.

These vessels, in accommodations and safety, are not surpassed by any on this route, and an experienced surgeon is attached to each vessel.

The United States has made the voyage between New-York and Chagres in seven days and nineteen hours, and the Winfield Scott has just performed the voyage between New-York and Chagres in seven days and nineteen hours, and the Winfield Scott has just performed the voyage between New-York and Fanama in the shortest time on record, both as to running, and actual time from port to port.

Books now open and through tickets for sale.

# Water Cnre.

DR. T. L. NICHOLS and Mrs. GOVE NICHOLS have removed their WATER-CURE ESTABLISHMENT to Prospect Hill, Port Chester, N.Y., one hours ride from the city, on the New-Haven Railroad—a superior of prospects. hours ride from the city, on the New-Haven Railroad—a situation of unsurpassed beauty and saluhrity.

Their City Office is at No. 45 White-st., near Broadway, where they will receive consultations every Wednesday, riom 21c 5 P. M., and on other days by appointment.

Dr. W.M. F. REH, a graduate of the American Hydropathic Irstitute and a thoroughly educated and competent Warer-Cure Physician, will be at this office daily and mightly, and attend to consultations and city practice. We consistly recommend bim as deserving entire confidence. The first term of our School for the Physiological Education of Young Ladies, will open on the first Monday in June.

The third term of our School for the Physiological institute will open on the first Monday in November. For Circulars, address T. L. NICHOLS, M. D., Port Chester, N. Y. DR. SHEW'S SUMMER WATER-

YDROPATHIC INSTITUTE.—Dr. TRALL receives patients at the commodious city establishment, No. 15 Laight-st. A special department for the mechanical and surgical treatment of Fernale Diseases, is under the charge of Drs. Trall and Horsford. NOTICE,—Dr. N. BEDORTHA, form-crity of Lebanon Springs Water Cure, is now fitting up of Latal and int of Saratoga Springs, to be opened the lat of May Address N. BEDORTHA, M. D., Saratoga Springs, N. T.

EBANON SPRINGS WATER-CURE.—This establishment, now in the eighth year of its existence, superintended by D. CAMPBELL and LADY, as heretofore, will be opened for invalide the 15th of May.—The Medical department is filled by B. WILMARTH, M. D. Mrs. WILMARTH will assist in the treatment of special female cases.

PROSPECT HILL WATER CURE, GOVE NICHOLS will receive at this satisfiament, on the first Monday in June. a Class of Young Ladies for a Course of Physical and Intellectual Training on Physical and Intellectual Training on Physical Principles. Circulars may be obtained at Fowlers & Walla, No. 151 Naman-st., or of Dr. NICHOLS, No. 31 Clinton-place.

WATER-CURE ESTABLISHMENT ATER-CURE ESTABLISHMENT

-BRATTLEBORO, Vermont.—The propretor, Dr.
R. WFSSELHCEFT, begs to inform the public that he has
recovered from his severe sickness, and is again able to attend to his professional duties. Former and new patients,
therefore, may depend upon his giving due attention to their
cases. They will also find comfortable and pleasant accommodaticas both for themselves and friends, but will please to
remember that the establishment is intended for the cure of
diseases by the means of water, and not for a Hotel at a fashionable watering place. Yet to the lovers of Nature, and a
quiet summer residence the house has many attractions besiden its Water Cure, for Nature has indeed been lavish of
her gifts on the town and the walks and drives in the vicinity.

Brattleboro, Yu., March 9, 1852.

#### Medical.

BEAUTIFUL FACE and HAND.—
result of experimental tests and particular study, whereby
the face and hand may be rendered fresh, soft, and fair, counteresting and remedying the distingurements and inconventences arising from changes of temperature and various other
causes, however unpremising the present condition. The
